### PROFILE

---

Software Engineer Intern committed to community service and academic excellence, pursuing a BSc in IT at the University of Johannesburg. Experienced in community engagement and tutoring, enhancing leadership and communication skills. Proficient in Java, Python, Django, C#, and ASP.Net. Passionate about technology and eager to drive innovative tech-driven change and professional growth in software engineering.

### EXPERIENCE

---

#### Software Development Intern

*Prodigy InfoTech | Educational Internship*

Jul 2024 – Aug 2024

Engaged in an immersive software development internship, acquiring practical experience in diverse programming languages and technologies. Collaborated within cross-functional teams to develop and deploy software solutions, gaining insight into agile development methodologies

#### Student Assistant, Volunteer Champion Ambassador

*University of Johannesburg | Part-Time*

Feb 2024 - Present

Promoted volunteerism and coordinated community service initiatives to strengthen university-community relations. Organized events, collaborated with local organizations, and managed volunteer programs. Used Microsoft 365 tools, especially Excel, for efficiency and data management.

### VOLUNTEERING

---

#### Student Volunteer & Project Leader

*University of Johannesburg Community Engagement*

Jan 2023 - Present

Led community service initiatives, coordinating activities for local communities and NPOs. Guided a team of volunteers, achieving over 225 service hours. Recognized for impact, ranking 8th for UJ and 2nd for Kingsway Campus, and received a certificate of participation.

#### Head Tutor Math & Physics

*Classroom Buddies Organization*

Feb 2023 - Present

Tutored and mentored high school students in Mathematics and Physics, improving their understanding and performance. Served as Head Tutor for Physics, accumulating over 120 volunteer hours. Earned a certificate of participation for dedication and impact.
